SUMMARY OF DISPUTES

Most disputes occur in three areas of a match;

1. Between players
2. Between markers
3. Between spectators

This is an attempt to put a dispute process in place and written into the rules which must be followed by all teams and players.

1. Team captains are empowered by the league to be match referees for the game their teams are involved in.
2. This includes both league and cup matches.
3. Dispute between players should be resolved between the players if possible.
4. If not possible the home and away team captains should be involved to discuss and reach an acceptable outcome as match referees.
5. When an agreement is reached the referees decision is final and the game restarts.
6. Two markers one from each team mark each game and must check every five ends.
7. In the case of a disagreement the markers should try to resolve the problem.
8. If the problem cannot be agreed the home and away captains must be called over and the problem discussed with them as the match referees.
9. If there is no agreement between the referees, the game is to be restarted from the last point the markers were in agreement. The referees decision is final.
10. Threatening behaviour is unacceptable and will not be tolerated in the OWVBL and could lead to a person or persons, team or teams being fined, points deducted, or suspended, as determined by the Management Committee. This to include physical and verbal threats.
11. The Management Committee is empowered to settle all disputes and their decision shall be final and binding. (Please see Rules 1.10 & 1.11).
